"Thanks Gordon, our guests had great fun and enjoyed the booth very much"

Mr Jorg Rosswinkel

"A lot of the booths we found online looked very tacky. This option was fantastic value, great fun for everybody, and is still being talked about. Our guests were as delighted as we were. The USB came beautifully presented and is a great memento. We would recommend this service unreservedly to anyone."

Mrs Cherry Steed (Cockerton)

"Very professional from beginning to end and extremely understanding when our finances could not stretch to the photo booth but then our friends all pulled together and we were able to have the booth."

Mrs Nikki Latter (Gray)

"My friends wedding had a fantastic photobooth so I wanted to book one myself not realising I'd booked with the same photobooth and I'm so glad we did! Great value for money, kept me updated all the way up to the wedding (perfect for a stressed out bride) my guests loved it and the wide range of props and it was full all evening! The operator was lovely and professional even when my autistic nephew kept hogging the photobooth, he was fab with him! Great guestbook to keep too! Highly recommended!"

Mrs Alisha Branson (Pothecary)

"I cannot put into words just how amazing the campervan photobooth was. It was such a big part of our wedding, complimenting the campervan theme perfectly. The campervan was stunning, it's in absolute immaculate condition. The organisation was perfect right from our first inquiry and the man who led the photobooth was perfect. He had a certain way about him which enabled him to get my friends and family to do silly things in the booth without feeling silly which has led to some amazing photos!"

Mr Fred Patten

"We were worried that maybe the photo booth wouldn't have been used but how wrong we were, it was first class, from booking the booth to receiving our usb every thing was first class, can't fault a thing, I really would and have recommended vw photo booth to anyone for that extra bit of fun, and such a bonus with all the picture to look back on. And such lovely helpful people that run the business. First class!"

Mrs Ammie Aldous (askew)

"VW Photo Booth were a last minute addition to our wedding and having seen them at an opening event our wedding venue had put on and we were so excited about their offering that we had to book them. With only a few weeks to go until our big day, the communication and ability to provide all we required on the day was excellent. The service was great, staff friendly and selection of props fantastic. It was a great talking point of our wedding and we absolutely loved having them there."

Mrs Beckie Dinner (Abnett)

"From the day of booking to receiving my pictures on Usb this company was great! Answered all my questions and got back to me quickly! Everyone at my wedding loved it and all commented on it! It was a great addition to my wedding and if I have another occasion that will need something like this I will have no doubt in booking it again!"

Mrs Rebecca Newbould (Copley)

"It was a perfect addition to our day and Minty the VW Photobooth took everyone breath away on arrival. Spotlessly clean and visually so impressive with great technology and customer service to match. Have and will continue to recommend."

Mrs Helen Barnes

"Our guests loved it!"

Mrs Rachel Lee

"Gordon and Minty arrived early and stayed late. All of our guests were immediately at ease and using Minty. Props were fantastic and plentiful, quite simply people couldn't get enough of the fun to be had with Minty and Gordon, the laughter could be heard inside the venue. Gordon was especially good with the children of the party. Thank you so much Gordon and Minty for helping make our amazing day so very special."

Mr mario iannone

"Fantastic service, prompt and informative replies to our emails. Flexibility on timings on the day which was great. At our wedding we hired "Minty" and it was parked in a prominent position so that all of our guests could pose for photos. The props went down a storm. The speedy turn around of photos and funky USB stick and packaging all added to a great

Mr Martyn Caunt

“Gordon and his photobooth Connie really were a talking point and brilliant fun for guests, especially due to his range of props and costumes. It was wonderful to use photos as a way for people to leave us messages and see them all after the day. Thank you Gordon!”

Mrs Beah Rebecca Kaufmann-Ward

“Gordon was great from start to finish. Minty the campervan was just perfect and all our guests love it. We have some cracking photos and they have provided many laughs both when taking the pics and for us afterwards. I would recommend to all!”

Mrs Claire Larbey-Forteath

“I contacted Gordon fairly close to our wedding and was extremely relieved that our date was free. He responded to my questions promptly and was always very friendly. I also received some special offers to consider which I thought was great and showed me that the company was just as keen as us to make sure we had exactly what we wanted at the wedding. On the day the service was faultless, from picking up the bridesmaids and taking them to the venue, to the photobooth fun at the reception!”

Mrs Nikki Latter (Gray)

"To entertain guests and capture more informal moments."

Mrs Rachel Lee

"Recommendation from another company plus the reviews i read about VW were all great! This is one of the things that we were originally unsure of booking but we are so happy we did now!"

Mrs Lucy Devine (Shipp)

"When we saw VW and met with Gordon at our wedding open day, we were blown away by the value for money coupled with all they offered. The booth itself had a choice of skins so we were able to select one we thought best suited our day but there were two key selling point for us. The first was the ability for our guests to record videos to us within the booth which we absolutely loved the idea of and had so much fun watching. The second being that the booth printed doubles of all pictures so the guests could keep their own copy, whilst the second copy was stuck into a guestbook also supplied by VW so our guests could also write a note. It was a brilliant idea and we cherish the book and videos we received from them. This brought a lot of fun to our wedding evening and we are so glad we met them."

Mrs Beckie Dinner (Abnett)

"I was having a VW themed wedding and wanted an outdoor photo booth :)"
